Community Action Month

Arts Visalia recently showcased one of its most invaluable assets, Ashley Vazquez.

ASHLEY'S STORY

Ashley started working with Arts Visalia almost 2 years ago as a participant in CSET's work experience program after graduating from #LEAD. In 2019, she became an Arts Visalia Gallery Assistant, where she helps in the Gift Shop and the gallery's monthly exhibitions, but her most important role is coordinating the children's art classes. During the COVID-19 stay at home order, Ashley has been keeping busy finishing her

last semester at COS online and organizing the Young at Art Children's Summer Art Program. Ashley can't wait to have Arts Visalia children's classes back in session and made this chalk art to show the kids how much she misses them.
