## Community Action Month

Darren pursued his career interests and achieved his goal to work in the automotive industry.

## DARREN'S STORY

Darren learned about CSET's workforce services through the Expanded Subsidized Employment (ESE) program offered at the Employment Connection Affiliate Center in Tulare. Having returned to Tulare County after living out of the state, Darren, a single father, worked short-termed jobs to provide for his family. Through the ESE program, Darren updated his résumé and focused on finding a job in the automotive industry. Soon, Darren interviewed with

U.S. Farms Systems, who needed a diesel mechanic. There, he gained work experience to learn new skills. His strong work ethic, passion for his work, and ability to learn on the job led to full time employment in a job that Darren enjoys.
