

A MESSAGE FROM CSET

During this difficult year for our community, CSET continued its mission by providing expanded services for those in need while incorporating new safety protocols to prevent the spread of COVID-19. Despite increased demand, CSET was able to provide timely services to customers who needed crucial resources such as stable housing, food assistance, and job placement.

CSET staff met the COVID-19 challenge with determination and compassion. A few examples of their achievements include: our Meals on Wheels team delivered 167,645 nutritious meals to senior citizens, 543 households received utility and housing assistance, and \$5.9 million in tax refunds were brought back to Tulare and Kings County residents through our no-cost tax assistance program. This crucial work was possible through the power of the community and CSET's many partners and supporters.
