Pearl learned through experience that the quality of the workplace was an important factor in her job satisfaction.

PEARL'S STORY

Pearl came to CSET's Expanded Subsidized Employment (ESE) program in September 2019 with the desire to improve her confidence in finding and gaining a job. She had previously experienced difficulties during her interviews and sometimes became so overwhelmed that she had to stop in the middle of an interview. After identifying her skills and practicing interviewing with her coach, Pearl found her confidence and was prepared when a job lead came her way. Pearl successfully

aced the interview and was offered the job. Her new employer had worked with the ESE program in the past and was excited to have Pearl join its staff as a front desk receptionist. Later, Pearl shared she was offered a position with a different company that offered higher pay with benefits. However, she enjoyed her job so much, she made the decision to continue in her current position. Pearl had found job satisfaction.
